# BULBS

## LILIES

### Lilium Croft

Our Crofts will be from the same dependable growers in Oregon who have supplied us for the past several years, and whose bulbs have made it possible for us to establish our reputation for having the best in Crofts. The bulbs we ship for Easter flowering will have been properly processed to force for that date and will be ready for delivery from storage November and later.

### Lilium Ace

Blooms somewhat more freely than Croft, and with shorter leaves it requires less bench space. Forces about 10 days later than Croft under same conditions.

(Case packs same as Crofts)

### Lilium Estate

Especially suitable for top quality cut flowers during spring and early summer. Can be planted successfully from November to March for flowering April through June.

(Case packs same as Crofts)

# HENDERSON'S GLOXINIAS

Exotic - Spectacular - Exquisite

## FOR YEAR ROUND BLOOMING

A superlative strain grown from seed, scientifically light treated in the seedling stage to permit their being forced into bloom at any time of the year.

Will bloom under ordinary greenhouse conditions in 60 to 90 days, depending on temperature and length of days.

Should be placed in 6" pots when received. They require a light soil mixture, and should be given a feeding of balanced fertilizer about every 10 days. They prefer plenty of light, but should not be exposed to too great an amount of direct bright sunlight, particularly in the summer months. Temperatures should be kept at a minimum of 60 degrees.
